WRITTEN AT RANDOM.

Another Illinois Centralfreight engineer has distinguished himself by Mexlean friends. making an unprecedented fast run from Paducah to Memphis. A day or two ago Conductor James and Engineer Granger, driving No. 603, it on purpose. ran into Memphis five hours and twenty minutes after leaving Paducah, or rather five hours and twenty minutes was the actual running time. The locomotive pulled seventeen cars GATHERED ON THE LEVEE. of coal, and the time made was beiter than the average passenger time.

It is funny what a trivial thing can nake the average small boy dance with delight. A day or two since a small colored boy seized one side of the rear platform on a People's line car and at the same instant his companion swung on to the other. The tations for a good steamboa; rise. ar sped on, and as they clung to it with boys' giee they would instinctively peep around the sides and o'clock. through the door to see if the motorman was coming. Then they would ook at each other and grin. "Say, George," finally said one

'do yo' heah?" "Yes, I hea's," was the reply, as the pickanniny craned his neck to terest of their steamers. catch what the other was going to

"What do ye fink, George," the afternoon after being repaired. other joyfully announced; "my ma's goin' to give me a nickle Christmas!' amount of wealth seemed to send the morrow at noon. Will copy with any kind of ink little fellow into ecstacles, and "George" Loked very disconsolate land river this afternoon with twelve as he replied, "Lawd, won't you be barges in tow which she will bring out

The motorman discovered his darksome passengers then and cast a damper over their elation by his gruff 'Break away, there!"

Coincidences are common, there is no scientific explanation to

offer for them. Not long since a merchant was ar ranging for a raffle, on the plan faniliar to most everybody, in which a person takes a chance by drawing a number, the amount to be paid be- the steamer Mary Michael's barges. ing the number of cents represented and with all probabilities she will be by the figures on the ticket.

barges are completed. A well known gentleman walked in and said he wanted a chance. He was told that the numbers ranged Is 310 South Second street, and from 1 to 85, and hence the amount last night, and when just above Cairo afraid, and the distance between this

Why Prejudice nsurance

Buy your electric lights from regular lighting service day or night. Take no chances on dangerous street railway and power wires in your buildings for daylight service. Every lamp burns independent on our lighting day or night. No dangerous, high pressure, 500-volt

currents sold for lighting service. PADUCAH ELECTRIC CO

Hardware, Tipware, Stoves, Cutlerv, Carpenters' Tools, Etc.
